

Free online tutoring that fits your schedule

Whether you are struggling in class or just want an A instead of a B! We can help.

The OhioLINK eTutoring Collaborative offers help for undergrads from trained tutors on a user-friendly online platform at no cost to students. Tutors are often scheduled for evenings and weekends when your local academic support center is closed. eTutoring services offers you more choice and flexibility in finding the academic support you need.

ETUTORING HAS HELPED MORE THAN **30,000** STUDENTS SINCE 2010

Our tutors know their stuff

Some of our tutors teach on your campus. Some are exceptional students. Others are retired professionals who want to “give back” to students studying in their field. All know their subject areas and have completed rigorous online eTutoring-specific training before being placed on the eTutoring schedule.

eTutoring tutors work flexible schedules seven days per week. Online tutoring is available in the following subjects. Hours and specific subjects may vary based on availability.

Subjects may include

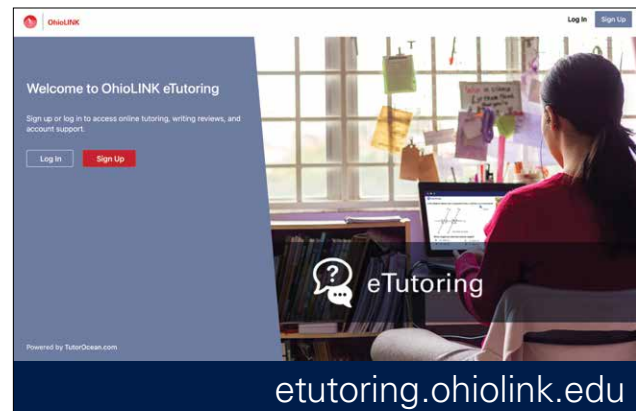

- Algebra
- Anatomy and Physiology
- Astronomy
- Calculus
- Chemistry
- Computer Science
- Math
- Nursing Math
- Physics
- Organic Chemistry
- Statistics
- Writing

Improve your writing

OhioLINK eTutoring also offers online guidance for written assignments and papers required for your classes. After evaluating uploaded assignments, reviewers will suggest how to make your writing stronger in ways that will improve your grade. This service is not editing or proofreading.

eTutoring reviewers can assist you at any stage of the writing process to help you address common issues in college-level writing assignments, including organization, structure, citing sources, grammar, and writing mechanics.

About the OhioLINK eTutoring Collaborative

Since 2010, the eTutoring Collaborative has been providing reliable academic support for undergraduate students across the state. The program is offered through OhioLINK and supported by the Ohio Department of Higher Education as part of their efforts to help students pursue post-secondary education and strengthen their college performance.
