

## About OhioLINK

Established in 1992, the Ohio Library and Information Network (OhioLINK) is Ohio's statewide academic library consortium, serving [88 Ohio institutions](#) plus the State Library of Ohio. Delivering both IT infrastructure and content negotiation, OhioLINK provides students, researchers, faculty, and staff with access to valuable digital research collections at a fraction of the cost if those collections had to be purchased by individual institutions.

OhioLINK also connects library services, print and digital collections among its member institutions and manages collaborative services aimed at reducing students' cost of higher education in Ohio, including [eTutoring](#) and [Affordable Learning](#).

A member of the [Ohio Technology Consortium](#) and funded through the [Ohio Department of Higher Education](#), OhioLINK creates competitive advantage for its member institutions and supports student and researcher success across Ohio.

OhioLINK members not only consume services – they fund, build, and sustain shared services. Together, OhioLINK and its member libraries provide access to:

### Shared print collections

- Over 45 million items
- 350,000 items delivered per year

### Shared e-resources

- Over 29 million electronic journal articles in 11,000+ journals
- 100+ research databases
- 180,000+ e-books

### Technology services

- E-journal, e-book, and database platforms
- Electronic Theses and Dissertations
- Central Catalog (Innovative's INN-Reach), discovery layer, link resolver
- Centralized cataloging (metadata services)
- Affordable Learning
- eTutoring
